SHORT PORTRAIT SWISS YOUTH HOSTELS

ENCOUNTER ADVENTURE

The Swiss Youth Hostels organisation has a network around 50 locations. In many places they are **original buildings**, whether due to their location, their historical past or their architecture. The «Youth Hostel» brand stands for a **lowcost provider** that places value on quality and promotes socially responsible and environmentally-friendly tourism. Youth hostels are **open to everyone** – age has been irrelevant for a long time. Discover our hostels – and the most beautiful sides of Switzerland at the same time.

Mariastein Youth Hostel

More than just youth hostels: excellent, but not expensive - modern architecture, great deals and comfortable private rooms.

Youth hostels as you know them – standard, but not average, inexpensive and good.

Youth hostels, as they have always been – low-priced simple youth hostels, historical, regional, close to nature, easy and with a sense of community.

SUSTAINABILITY
STRATEGY

The Swiss Youth Hostels are committed to sustainability. Sustainability plays an integral role in our philosophy, in our dealings with stakeholders, in designing our products and in protecting the environment. To us, sustainability means a holistic consideration of social and ethical issues and a sensible use of resources.

myclimate «CAUSE WE CARE»

On average, spending a night at Swiss Youth Hostels is ten times better for the environment than a night at a five-star hotel. As a non-profit organisation, we are dedicated to sustainability. We are continually reducing our environmental impact across all areas while ensuring that we provide our guests with impeccable service.
